1. Introduction

In this second part of the web project, you are required to style your website using CSS, with respect to the design and layout you presented in the first part of the project. You can improve your initial design if necessary.

At the end of this project, you should have completed about 70% of the styling required for the entire website. The remaining 30% you can continue when comes to the third part of the web project.

Note

You are only to use your own HTML and CSS. You are not to import any HTML or CSS – this includes frameworks. Failure to adhere to this instruction will result in no marks being awarded.

2. Deliverables

- a) A website with proper design and layout.
- b) A short report (PDF) that covers the following.
 - Changes to your initial design (if any). Justify why the changes are necessary.
 - Explain and justify your design, colour scheme, and placement of buttons and links.
 - Explain and justify the percentage of styling that you have completed for your website.

3. Submission

- a) You are to submit all the files (HTML files, CSS files, PDF, etc) as a **SINGLE ZIP** file.
- b) Please name the ZIP file based on this WEB_CSSProject_<STUDENT_ID> naming convention, where <STUDENT_ID> is your student ID. For example, if you student ID is 12345678, then the file should be named as WEB_CSSProject_12345678.
- c) A link will be created on eLearn for you to submit the ZIP file (it will link to OneDrive for you to submit).

4. Evaluation Criteria

Criteria	Unsatisfactory	Satisfactory	Good	Exceptional
----------	----------------	--------------	------	-------------

Styling	Complete <40% styling for the entire website.	Complete about 50% of styling for the entire website.	Complete about 60% of styling for the entire website.	Complete about 70% of styling for the entire website.
Design	Poorly thought out design. Design is inconsistent throughout the website.	Adequately thought out design. Design is somewhat consistent throughout the website.	Well thought out design. Design is mostly consistent throughout the website.	Excellent thought out design. Design is consistent throughout the website.
Colour	No thought given into the colour scheme.	Some thought given to the colour scheme, but it does not fit well with the theme of the website.	Some thought given to the colour scheme. It somewhat fits well with the theme of the website and complements some other elements (e.g. logo).	Well-chosen that fits the theme of the website, complements all other elements (e.g. logo) and maintains or improves usability.
Buttons and Links Placement	Buttons and links are not well placed or defined.	Some buttons and links are fairly well placed and defined (either by some kind of style or colour).	Most of the buttons and links are easy to locate and follow	All buttons and links are easy to locate and follow with no ambiguity as to what they do or lead to.
Content	Content is irrelevant to the purpose of the website. Data quality is questionable. Quantity is limited.	Content is somewhat irrelevant to the purpose of the website with some spurious content. Data quality and quantity are adequate.	Content is relevant to the purpose of the website with some spurious content. Data quality and quantity are adequate.	Content is relevant and irrelevant content is almost non-existent. Data quality is unquestioned and provides excellent coverage.
Links	>10% of the links do not work.	≤ 10% of the links do not work.	≤5% of the links do not work.	All links on the website are working.
